

Strategies to Protect Your ID Online

1. **Clam Up** – for Registration only provide necessary information
2. **Lie** -- Don't provide real information unless necessary
3. **Look for the Lock** – https encrypts your information
4. **Sniff out Phish** -- beware of scams
5. **Search Safely** -- Use safe search settings
6. **Use Strong Passwords**
7. **Trust, but Verify**
